

## What is Alpha Phi Omega?

Founded in 1925 by a group of former Boy Scouts of America, Alpha Phi Omega is now the nation's largest collegiate service fraternity with over 17,000 active members located on 366 college campuses nationwide. Theta Theta Chapter at Centre College was chartered in 1949 and re-chartered in 1998. It now has over 35 members in active service.

The Fraternity unites students through the three principles of Leadership, Friendship and Service. Our mission is to help create future leaders through the principle of servant leadership. This is accomplished through numerous service projects, fellowship events, and leadership development workshops each year.
