

Mat 240: Linear Algebra

Project 1 Rubric

	Unsatisfactory 0 points	Needs Improvement 1-2 points	Satisfactory 3-4 points	Commendable 5-6 points	Superior 7 points
Model development	No sensible model	Many errors in model	Several errors in model	Few errors in model	No errors in model
Written Explanations	Project omits all explanations	Project omits explanations on one or more of the following (if applicable) and other explanations are unclear: how the general flow was found, why not all general flows could be found, how missing data was found, why not all missing data could be found.	Project omits explanations on one or more of the following (if applicable): how the general flow was found, why not all general flows could be found, how missing data was found, why not all missing data could be found.	Project explains all of the following (if applicable) though explanations are not always clear: how the general flow was found, why not all general flows could be found, how missing data was found, why not all missing data could be found.	Project includes clear explanations of each (if applicable): how the general flow was found, why not all general flows could be found, how missing data was found, why not all missing data could be found.
Organization	Project demonstrates little organization of ideas, thoroughness, and clarity and is lacking in neatness. Results are presented in a way that is very difficult for the reader to follow.	Project demonstrates some organization of ideas, thoroughness, and clarity. Results are presented in a way that that is somewhat difficult for the reader to follow.	The project demonstrates organization of ideas, thoroughness, and clarity. Majority of results are presented in a clear way that is easy for the reader to follow.	The project clearly demonstrates organization of ideas, thoroughness, and clarity. Results are presented in a clear way that is easy for the reader to follow.
